I look for the figure 1, which I find is at the head of the 5th Avenue column. I follow down this column until I find 39th Street, when I see instantly, by looking at the number at the top of the 1st Avenue, which is 100, that No. 27 is between 5th and 6th Avenues, and the nearest "L" Station for me to stop at is 42d Street and 6th Avenue.

Down Town Streets.

Nearest L Station to No. 1 of the following streets and lanes:

Directions.—Find the street, and the L Station nearest it. No. 1 of that street is in the columns following it. Wishing to get to a number on a long street, like Pearl, several corners are given. For example, to get to No. 1 Pearl, 31 E. at S. Ferry is nearest, but if No. 296 is wanted "How to get there" gives the nearest station. If 354, which is corner of Broadway, the Broadway stages would probably be the nearest from down town.
